

## **FREEING OF PUEBLO REPORTED IMMINENT**

WASHINGTON, Sept. 4 (AP)—An Alabama Congressman said today that the United States intelligence ship Pueblo and its crew might be released on Sept. 9, North Korea's Independence Day.

Representative William L. Dickinson, a Republican member of the House Armed Services Committee, said he had been informed by reliable sources that the release of the ship and 82 crewmen was imminent and might coincide with the anniversary. The State Department said it had no information on Mr. Dickinson's report.

The Pueblo was seized last January by the North Koreans, who charged that the vessel was operating in North Korean waters.
